

MONCRETE, INC.

(7/14/2004)

The UUCP (Utah Unified Certification Program) has certified Cindy Maughan with Moncrete, Inc., as a DBE. Moncrete, Inc., is located in Wellsville (Near Logan), Utah. You can contact Cindy Maughan at (435)245-5699 or by fax at (435)245-5698.

Moncrete has been serving Utah for almost nine years, specializing in structures large and small. They build Storm Drain/Irrigation Boxes, Box culverts, Retaining/Head walls, and all types/sizes of Structures, Canals, Bridge abutments, Weir, and Parshall flumes.

A few of Moncrete's larger projects have been: Wall Ave, Ogden; 2700 North; I-15 to Washington; Silvercreek Junction; Jordan River Blvd.; Woods cross I-15; Center Street Logan; SR 248; Echo Junction; Wastewater Polishing Wetlands Phase I & II and Logan Leachate.

The pictures below show Moncrete's excellent quality of work on various projects.
